

NOVATEC

ABOUT NOVATEC

NOVA MARINE CO., LTD, established in 1983, is ranked as one of the top manufacturers in Taiwan. Its facility is located 10 minutes from Taiwan Taoyuan International Airport and Taoyuan High Speed Train Station. Nova's primary market is the United States; nevertheless, its high-quality boats have successfully extended clientele to Europe, Hong Kong, Japan, Dubai and Australia.

C.E.O. Eddy Tao, as a founder, has accumulated 30 years in yacht construction and business. He graduated from China Maritime College and holds double M.B.A. degrees from Oklahoma City University in USA and National Cheng Chi University in Taiwan.

Unlike most boat yards in Taiwan, NOVA MARINE is proud to market its products under their own brandname "NOVATEC." After initiating the popular 40' & 42' motor yachts, Nova Marine has strived to continue designing variety of models to satisfy the needs of all types of owners. Novatec yachts currently have three main yacht series, the Classic Sedan 46'-56', Islander 48'-60', and Euro 52'-82'.

The facilities of NOVA MARINE consists of five large buildings (approximately 108,000 square feet) with fiberglass lay up and assembly building, including a weather protected metal fabricating area – FRP shop with air conditioning system. In 2001, shipyard passed ISO 9002 regulation and received TUV Cert.

Nova Marine is committed to satisfying the highest attainable standard for all of its products, regardless of size and price. To accomplish this goal, Nova Marine meticulously uses the best craftsmen, engineering, methods and materials available to assure that each buyer's expectations are met and exceeded.

诺瓦帝游艇：台湾精品 世界顶级

巨星造船公司成立于1983年10月10日，公司位于台湾桃园县，距桃园国际机场和高铁桃园站不到10分钟车程。巨星造船之品牌 NOVATEC YACHT 诺瓦帝游艇在台湾游艇界中，堪称为一颗闪亮的『巨星』，主管阶层平均年龄仅四十岁，各个学有专精，并延揽国内外一流的造船人才，同仁充满了活力与干劲。

公司负责人陶君亮先生从事外销游艇生产已近30余年的经验，从当初生产36呎游艇配80HP单俾的游艇到如今的82呎1850HP双俾(共3700HP总马力)豪华大型游艇，期间所投入的「研发」费用与精神是新产品不断推出之原动力。由于陶先生在品管方面不断地求新、求精、求变，曾荣获第九届中国创业青年楷模，并多次荣获马英九总统及各国元首、总理、院长、洲长等召见。

诺瓦帝游艇的产品以豪华游艇为主要业务。船型从46呎到82呎；市场遍及美国、欧洲、澳洲、日本、中国大陆等各主要国家。为了迎合国际市场的趋势，特别针对中国市场推出了EURO(欧风)系列产品，完全符合国人海上所需!巨星重金礼聘最著名的设计大师：有意大利MR. TOMMASO SPADOLINI、英国MR. BILL DIXSON及台湾联合船舶设计中心(USDDC)等为巨星设计顾问群，使诺瓦帝游艇能在国际舞台上扮演一个重要的角色。

「产品精致化，价格合理化」使巨星造船 NOVATEC 诺瓦帝 得以迅速跃升为世界知名品牌。在业务蓬勃发展之际，同时也朝「生产自动化」、「产品客制化」的目标前进，巨星造船全体同仁有无比坚定的信心，为我们的社会与客户带来「安全，健康，及快乐」的人生!

NOVATEC SAFETY

Drawing upon its near three decades of experience building pleasure crafts and military patrol boats, Novatec designs all of its yachts from the keel up for optimal safety.

Novatec employs redundancy, quality, and oversized fittings and components to assure trouble-free cruising, including: UL approved bronze thru hull fittings, oversized safety rails and cleats. Moreover, Novatec equips major branded components such as Rule bilge pumps, Sea-Fire Fire extinguisher system and CO detector system, Jabsco engine ventilation system, and Aqua Signal navigation lights.

A. Structure:

Structure-wise, we use the same top quality DIAB "Divinycell" structure foam core materials that leading yacht builders use with composite mat/roven during hull and deck sandwich concept lamination to increase structural strength while optimizing weight.

B. Monitoring System:

At the helm station, a boat shaped monitoring panel is installed to display the essential items to help you have complete control and information of the boat status. In addition, a battery emergency parallel switch is installed to link both engine batteries to help start the engines in case one is failing.

C. Automatic Fire Extinguishing System:

At the engine room, Sea-Fire fire extinguisher and automatic engine shut down system is used to ensure instant safety treatment in case of fire. Manual emergency shutoff is also installed for extra protection.

D. Tank Test:

As much as we like to trust theoretic and mathematical calculations and analysis, there is no better solution to understand the boat than an actual tank test. Therefore, each boat goes through a rigorous tank test and comprehensive safety check before the boat is delivered to the customer.

诺瓦帝游艇：了解安全的重要性

拥有着近三十年制造豪华游艇的经验，诺瓦帝了解“安全”的重要性，因此，每一艘船都是以安全为优先考虑，完整的由船首到船尾所精密设计。一艘船的机舱宛如人体的心脏一样，若是没有成熟的安装技术使船正常运作，那再好的外型和室内装潢都是多余而不健全的。因此，诺瓦帝的电工安装领班除了均有二十年以上的经验，更是每一条船都亲自施工。为了更加一步确保安全性，诺瓦帝不吝啬的安装了超出标准数量和规格、世界名牌的材料和五金。其中包含了UL认证的铜制水下和水上贯通、加大型的系缆柱、美国进口的Rule船底自动排水系统、Sea-Fire自动机舱灭火系统、和Delta T机舱通风系统…等高级材料。

A. **结构**—船体结构方面，诺瓦帝游艇使用了同欧洲顶级造船厂所使用的“Diviny Cell”高密度泡沫夹心材和复合玻璃纤维毡的著名“三明治”基层法，已达到最高结构强度及轻量化。

B. **全船监控系统**—在驾驶台处，我们配置了船型监控盘，以便让使用者轻易的掌握全船的实时信息，做出第一时间的应变措施。此外，在驾驶台处也设置了一个引擎电瓶并联的紧急按钮，以便当其中一座引擎电瓶失效时，还是能发动双部引擎。

C. **自动灭火系统**—在机舱里，我们配置了美国SEA-FIRE自动灭火系统。它不但能实时自动灭火，也同时能自动将引擎和发电机停止运作，以减低损害。

D. **水池测试**—尽管过去的设计数据、数据、及仿真分析再准确，没有一个方法比实体在水中测试更能够了解此船的特性。因此，每一条船在出厂前会经过严密的检查及测试，包括前后吃水、左右倾斜角度、水密测试、管路电路…等，好让船主接收船后不用为维修烦恼，而能尽兴的使用船。

Novatec 52 Sports Sedan

The All-New Novatec 52 Sports Sedan is a newly developed hybrid-prototype craft that combines the functionality and performance of a sports fisher and the comfort and luxury of a cruiser. The fishing cockpit is specifically designed with extra space and an optional livewell (fish tank) with electric hatch lifter, automatic sea water circulation and pump system, and insulation foam to store all your fresh catches of the day!

The Novatec 52 Sports Sedan features a galley-up design with two cabins and two heads forward, and the interior is expressed with a light and warmth yet modern feel. Detailed and exquisite wood craftsmanship are manifested through the luminous natural light thanks to her large surrounding deck windows in the main deck. She is designed to utilize every inch of the precious space on a boat to convey spaciousness and openness, whether you are entertaining your guests at the salon or enjoying the sea-breeze on fly-bridge.

Her aggressive sleek lines, Deep-V planning hull, and new "Blue-Ray" (UV protection, heat reduction, and exhilarating look) reflective glass on the main deck truly makes her one of the most eye-catching boat in the marina.

Novatec 58 Euro

The all new Novatec 58 Euro offers sleek and alluring profile accompanied with enormous interior and exterior living space (offering 30% more than competitors in her class) thanks to her unique aft cabin and two cabin forward arrangement, which is one of a kind in her class!

Upon boarding the Novatec 58 Euro, you will immediately notice the huge swim platform and the spacious aft deck similar to the size of a 80' plus yacht as our design team understands the importance of exterior activities on a boat. Stepping inside the interior, you will find the innovative DSD (Dual Salon Design) dedicated for those who intent to use this boat to entertain all your guest and VIPs. Unlike most boats that only have one salon, the aft cabin is designed to be a second salon that features a full size head and direct access to the swim platform for ease of waters sports. Certainly, alternative aft cabin stateroom arrangement is available upon request for those looking to enjoy a full beam master suite.

Accompanied with the most modernized technology, sea-worthy hull, premium hand crafted customized interior, and high performance of a fly bridge cruiser, the Novatec 58 Euro gives today's seafarer the handling, comfort, performance, functionality, and luxury that one could only dream of.

Novatec 78 Euro

European yachts have made a big impression world-wide in the recent years thanks to their dramatic styling, rich interiors and excellent performance. The Novatec 78' Euro prides herself in successfully delivering those characteristics.

Although this boat can be built custom to its owner's specifications, one popular layout is most frequently found. The first features four staterooms, with the Master stateroom complete with a walk-around, king-sized berth, a built-in vanity, spacious head, and a walk-in wardrobe for added appeal. The lavish accommodations extend into the forward VIP stateroom, which is equipped with a queen size berth, vanity, and her own head, making guests feel right at home. Adjacent to the VIP stateroom is the comfortable third stateroom with a double bunk and private head. The fully equipped aft cabin comes with its own bath, shower, and galley, designed for your crews or additional guests. The interior appointments are lavish with high-gloss lacquered woodwork, plush furnishings, and meticulous detailing on display throughout.

The fly bridge extends well aft to provide plenty of extra lounging or davit/dinghy space. Additional features include power adjustable sun-pad on the fly bridge, wet-bar with fridge and bbq set, and a huge curved settee.

The Novatec 78' Euro is built on a high-performance deep-V hull utilizing optional propeller pockets to reduce shaft angles and draft. This Italian-style yacht will cruise at an easy 17 knots with a pair of 1000-hp diesel Cats, topping out at 19-23 knots.

诺瓦帝78呎欧风豪华游艇

欧洲游艇华丽的表现是众所周知的，这都要归功于她引人注目的外观，丰富的内部设计，和优越的性能。诺瓦帝78呎欧风豪华游艇非常自傲地能同时拥有这些令人赞赏的特点。

诺瓦帝78呎欧风豪华游艇应有尽有的设备，让您与您的宾客仿佛置身于舒适的六星级酒店。在外观设计上，除了拥有流线及锐利的线条，外部宽阔的活动空间更是能让船主及朋友们尽情的享受阳光及海景。除了能在后甲板及飞桥有舒适的座椅外，新设计在前甲板也配置了弧形座椅区，以便提供在船头体验乘风破浪之快感。在内装布置设计上，诺瓦帝设计团队特别规划了目前市场上仅有的“三沙龙，三厨房”之独特设计，使其商务及贵宾接待之功能发挥到淋漓尽致！

此精美奢华的设计非但媲美欧洲一线品牌，跟加入了“实用性”的完美组合！

Novatec 84 Euro 84

Novatec 84 Euro

Those who are drawn to the rakish styling and flowing curves of today's Italian-built yachts will certainly find a lot to like in the Novatec 84' European Yacht, designed by Tommaso Spadolini. True to the Novatec name, the 84' European Yacht can be custom designed from the inside out to satisfy even the most fastidious buyer's comfort and needs.

The 84' Euro's most popular five-stateroom layout offers the choice of any type of woodwork, designer fabrics, and custom-crafted hardware throughout. The spacious master stateroom exudes luxury immediately with its king size berth, entertainment center and his and her bathrooms complete with a jacuzzi tub. Even the VIP stateroom is equipped with a built-in vanity for home-like comfort.

The main salon incorporates exquisite and modern elements such as a full wet bar, full entertainment center, and soft leather settees along the port and starboard sides.

The huge fly bridge offers a sunning pad, lounge seating, bbq grill, wet bar, and even extends over the cockpit for additional shading below. Notable features of the 84' Euro includes a spacious walk-in engine room, a formal dining area, swim platform and a floating, spiral staircase providing inside access to the fly bridge. A good performer, twin Cat 1400-hp diesels will cruise at 18 knots and reach a top speed of 24 knots.
