

ADOPORT

36° 50'N 30° 36'E. VHF Ch.73

ADOPORT is the first and unique Yacht Wintering and Maintenance - Repairing Plant in Free Zones of Turkey.

As is known, Free Zones are deemed to be outside of the custom borders and legislative provisions pertaining taxes, levies, duties and to customs and foreign exchange obligations are not applicable. Therefore, not only maintenance, repair and parking costs of the yachts are inexpensive but also the provision of bunker, food, fresh water, any kind of spare parts and occupation cost less.

ADOPT has on-land parking space for up to 400 yachts of various sizes and is capable of providing full service simultaneously to all yachts parking in the plant.

A 60-tonnes travel lift and 3.307m² yacht hangar 17 m high available for hauling-launching operations and carrying out repair maintenance work.

**24
hour
service**
