# Dalyan dive sites

## Beginners Bay:

Nice shallow bay. Perfect for beginners, but also interesting for the experienced divers

## Stingray Bay:

Best place for rays. Starting shallow but drops to 35 - 40 metres are possible

## Cave:

Easy to enter, excellent for the not so experienced cave-divers. After leaving the cave we will visit a big rock with ancient amphoras.

## Wreck:

A 16 year old wreck at 12 metres deep. Perfect for beginner wreck-divers and also the reef next to it is worth a visit.

## Hole Island:

Nearest dive-site, Best chance to see the Caretta Caretta turtles.

## Bozburun:

The best drop-off, slowly we descend to 8 metres and then the wall drops to 60 metres. Great!!!!

For more details about the sites, check the dive-site map in our office.
