Project management department of
Humboldt-Gesellschaft für Marine-
Technik, responsible for project and
quality management

Our team manages customer and the
contractor's interests as well as the
ship's safety. Acting as a central contact
point, we handle order requirements
and coordinate the construction
of the ship's hull and interior.

We are also responsible for construction
of ship's hull and interior, including
the installation of the ship's hull and
interior. We also handle the
distribution of the ship's hull and
interior.
