

Our Shipyard

Since 1980, New Coast Yachting - Brokerage & Shipyard has practiced over 40 years of custom and kitchen fit-out and steel. Some of these yachts have been built on demand, some for our company's charter fleet and some for our special clients.

All our constructions are based on specifications such as ISO 9001, ISO 9004 and CE, starting from the project to the key-delivery event. Detail has been thought and discussed with the professionals. Our success reflects hardworking for the creation of our customers' dreams.

Turn Key Yacht Brokerage with its own shipyard based in Turkey, Bismark has the capacity to build 60 yachts at the same time, starting from 10 to 60 meters with all the comfort, luxury and high technology in 1,000 sq. m open area and 3,000 sq. m covered area. All of our shipyard's work is made for the yacht's owner from the key-on the contract date.

The yachts are getting designed by architects and built by master boatbuilders.

Our company is getting stronger on yacht building market day by day. Our price can't be comfortable, power boat and glamorous yacht for your dreams. It will be enough to tell us your wishes.

Let your dreams come true...
