SHIP BUILDING, YACHTING TRADING CO. LTD.

Notre chantier naval est fondé en 1951 par les trois frères Türkoglu. Entre les années 1951 - 1968 le chantier naval a continué ses activités sous le nom de "Marmara". Depuis 1968 notre Shipyard poursuit les travaux de maintenance et de la construction des navires dans la région Tuzla-İstanbul avec le nom de "**TÜRKOĞLU SHIPYARD**"

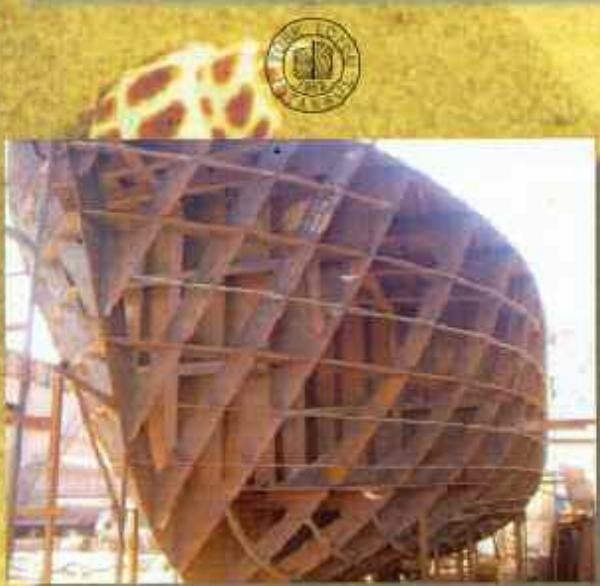

*La superficie de **TÜRKOĞLU SHIPYARD** est de 6000 m². L'équipe de notre Shipyard se compose de plus de 100 ouvriers et une douzaine de chefs et ingénieurs.*

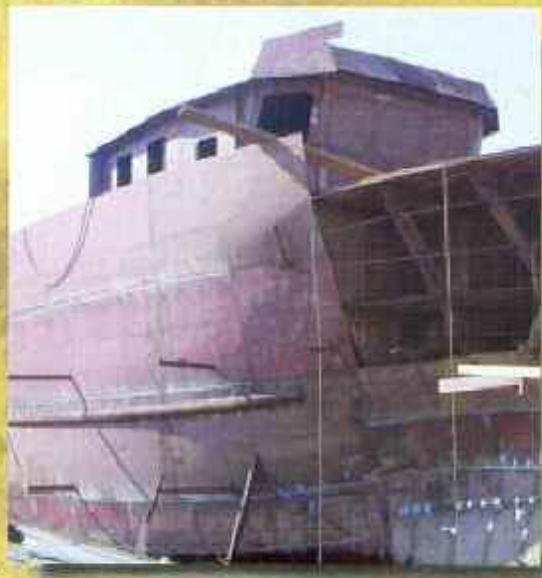

*La quantité de circulation d'acier
augmente jusqu'à 2500 tonnes/an.
Nous pouvons
construire des navires de
transport de capacité
jusqu'à 7000 tonnes.*

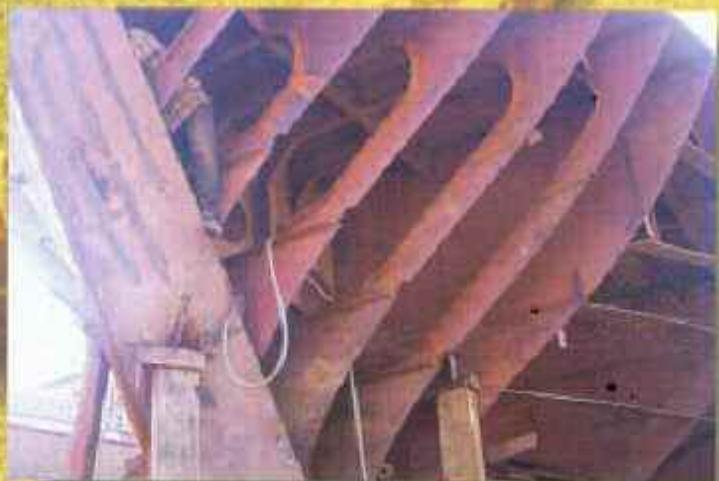

03 05 2005

*Les navires de transport de capacité
jusqu'à 2500 tonnes peuvent
être tirés sur le chantier
de Shipyard pour la maintenance
et la réparation complète.*

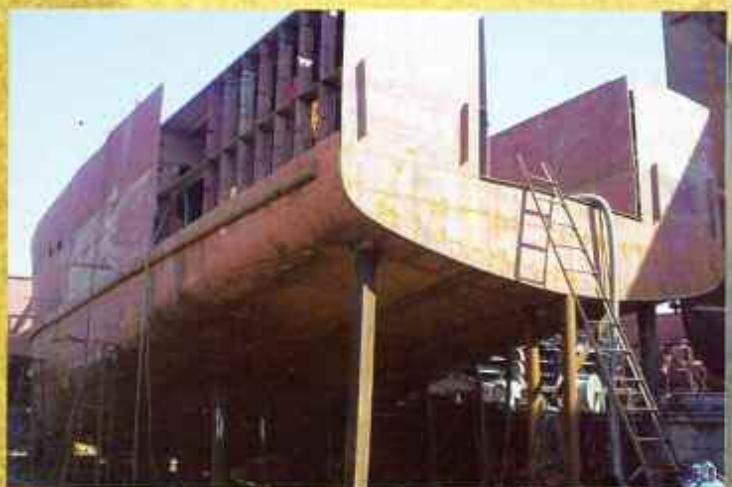

La révision des navires de transport de capacité jusqu'à 8000 tonnes peuvent être réalisées au port de notre Shipyard.

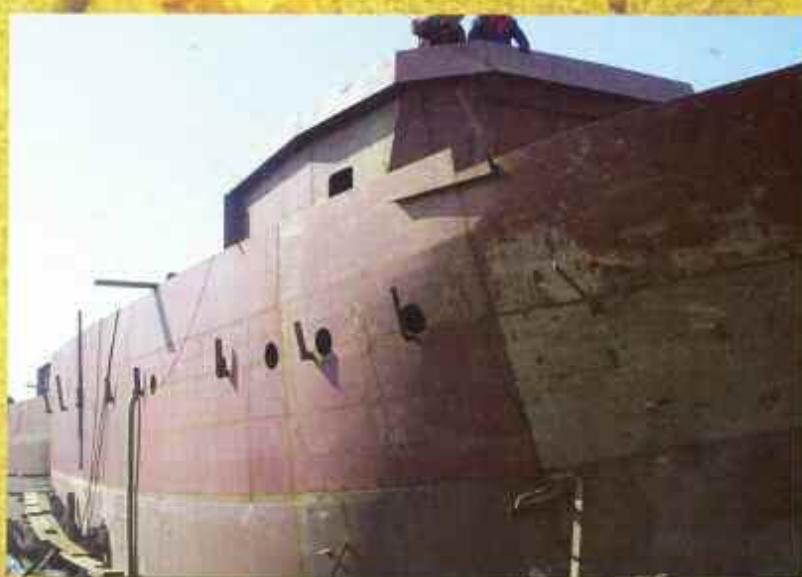

BUREAU
VERITAS

*Il y a 9 bateaux de pêche
en construction
pour les côtes Algériennes.*

BUREAU
VERITAS

BUREAU
VERITAS

*Nous venons de mettre
en mer un
navire de transport des
légumes secs de
capacité 3500 tonnes
et deux chalutier de 21 m.*

*Actuellement nous construisons
un navire de transport de
produit chimique de capacité de
2000 tonnes.*
